

## Breakfast Television Appearance!

First off, please let me say that I am well and truly stunned and overwhelmed by the incredible response my segment this morning on [Breakfast Television](#) has received. I can't thank everyone enough for their kind words... getting up at 5am was totally worth it!

You can get a little more info on all the gear in my [Baby Travel Gear Guides 1-4](#) - unfortunately we ran out of time so there were a couple of items that we didn't get to mention: [The CARES Safety Harness](#), [The Bed Bugz Travel Bed Rail](#), and the [Snack Ball](#). Currently I've linked the items to either their official site OR their official Canadian distributor. They're all available in Canada - I made sure of that!

But hopefully you can WIN them! Please send either a trip report, your best travel tip, or your dream family destination to [win@havebabywilltravel.com](mailto:win@havebabywilltravel.com) - you've got lots of time as I'm not doing the draw until Mother's Day!

Thanks again - and a very special thanks to [Breakfast Television](#) too.

Happy travels!

## Ultimate Baby Travel Gear Prize Pack - Canadian Buyer's Guide

Apologies all 'round to my fellow Canucks - my online store is Amazon.com and therefore tricky to order from if you're in Canada. Due to the overwhelming response to my Ultimate Baby Travel Gear Prize Pack giveaway with people who actually want to buy the gear instead of win it, I've come up with the Canadian buyers guide for all the items listed - ie, actual stores and online stores that originate in Canada (therefore no need to pay duty)...

### **CARES safety harness:**
